PRODUCT DESCRIPTION

PRH-C-40S2023 is our best-selling cart model for wet laundry in hotels, resorts, hotel laundries and textile centres.

Its robust construction provides stability and control even in intensive workflows.

The extra-thick rubberized plastic and upper soft protective rim reduce accidental impact with equipment, walls and staff. The reinforced honeycomb base increases rigidity, while the four pivoting rubber wheels ensure smooth and quiet movement.

Durable, stable and easy to maintain — the professional choice for the safe transport of wet laundry.

TECHNICAL SPECIFICATIONS

Product code	PRH-C-40S2023
Version / colour	Grey
Material	Reinforced rubberized plastic
Upper protection	Soft protective rim
Wheels	4 pivoting rubber wheels
Overall dimensions	95 x 69 x 85.7 cm
Approximate volume	350 L

SOFT PROTECTIVE RIM
gentler contact with equipment
and work-area surfaces

REINFORCED HONEYCOMB BASE
superior rigidity and support
for maximum stability

OPERATIONAL ADVANTAGES

- ✓ Very good stability when transporting wet textiles.
- ✓ Solid rubber wheels — quiet and controlled handling.
- ✓ Protects equipment, walls and staff in case of accidental contact.
- ✓ Material resistant to moisture and easy to sanitize.
- ✓ Generous capacity, suitable for intensive professional use.

Maintenance: clean with water and neutral detergent; avoid corrosive substances and inspect the wheels periodically.
